In the Shadow of the Cross (70/1555L)

The shadow of the cross is broad indeed for Christians. Within its enormous power to comfort and reassure, we feel the love of God, the forgiveness of sin, and ultimately, everlasting life. In this collection, Larry Shackley eloquently arranged eight beloved hymns, providing sensitive and compelling settings for the church pianist to share with his or her congregation.

Sixty-Second Hymn Settings (70/1561L)

As every church pianist knows, there are occasions when a shorter piece would be more convenient than a full-length arrangement. *Sixty-Second Hymn Settings* provides you with fifteen musically satisfying settings of classic hymns perfect for these instances. They won't take long to prepare, they contain no page turns, and, if you play them at the given tempo, they will each last almost exactly sixty seconds.

Praise...Plugged and Unplugged (70/1536M)

This collection of dynamic, innovative duets for digital keyboard and piano is perfect for blended worship. Making use of the full palette of sounds available in most of today's MIDI instruments, Larry Shackley has created colorful new adaptations of traditional hymns, spirituals, and even sacred classics, covering a wide range of seasonal and general use. A pullout section for the digital keyboard is included.

Carols...Plugged and Unplugged (70/1560L)

A follow-up to *Praise...Plugged and Unplugged*, this collection provides duet material for the Christmas season, including a wide range of carols from many countries and centuries. There are joyful, celebratory pieces, soundtracks for prayer or meditation on the incarnation of Christ, and one original composition. A rich addition to any Christmas worship service.
