

About this collection

Have you ever wondered how your favorite hymn tune might sound if arranged by a world-class composer? Well, here's your chance to find out. In this collection Lani Smith has selected ten best-loved hymns and arranged them for piano in the style of ten famous composers ranging from Bach to Rachmaninoff. All of these composers are well known for their distinctive contributions to the keyboard literature. No one can really say exactly how these composers would have arranged these hymn tunes, but we believe Mr. Smith has captured the essence of their individual styles for you and your congregation to enjoy.
